

Mv94T

Discover the pleasure of performance

- Broad range of control and accessory options
- LED work light attachment for better visibility and safety
- Strong and lightweight grapples

Crane Mv94T – a powerful crane for the most demanding needs

FTG Källefäll crane Mv94T has a total reach of 9,4 m, a 500kg lifting capacity at full reach, 1 250kg at 4 m.

The Mv94T has a number of improved features: longer reach, higher lifting torque, greater slew torque and better movement pattern. The crane has a newly developed dual telescope boom with protected hose routing.

As standard, the crane is equipped with grapple FB260, 6t flange rotator with braked link and mechanical valve block CRV80/8A.

There are numerous valve packages and accessories to choose from. Crane designed for versatile work applications:

- Forest trailers
- Chippers
- Log splitters
- Attachment to the tractor

Mv94T combined with FTG Källefäll forest trailers offers high reliability and efficiency. Demand for maintenance is quite low for high-quality components and tested designs

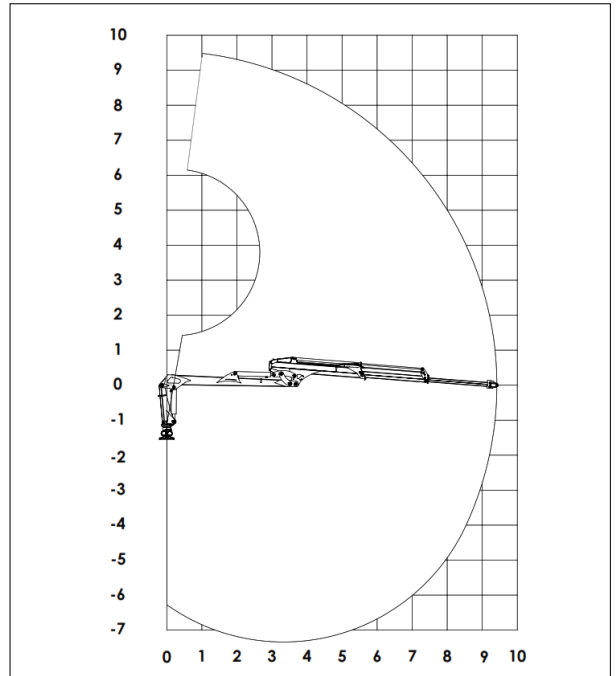

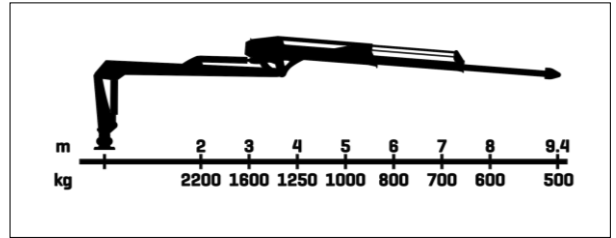

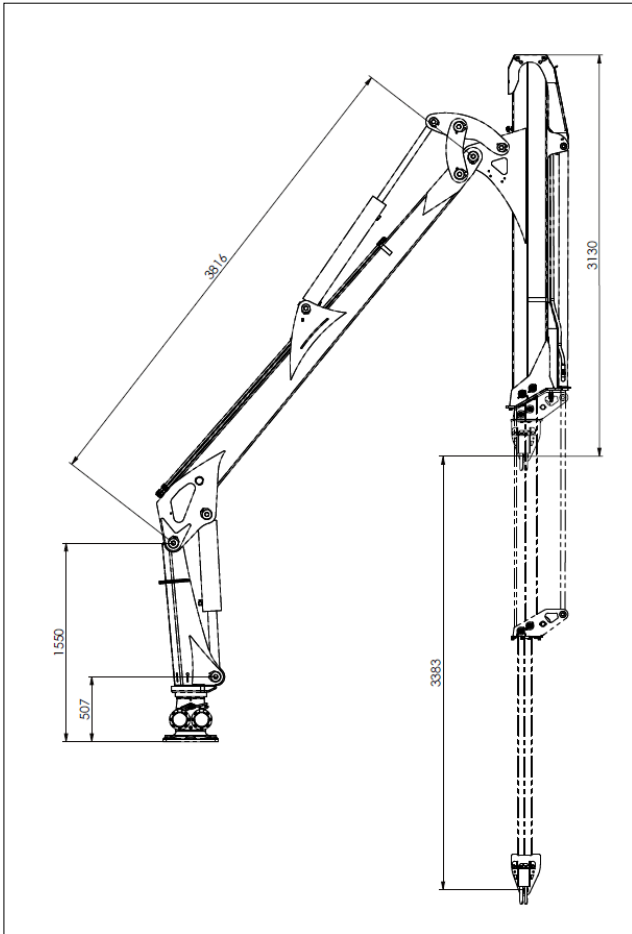

Suitable trailer:

- [FB120D](#)

By combining our Swedish heritage with constant innovation based on the needs of customers, we design forest trailers and cranes that impress by their consistently pleasant performance.

FTG Källefäll forest trailers can pass through challenging terrains and are robustly built to withstand tough conditions in the forest. Trailers' capacity varies from 4 to 12 tones. Our trailers can be supplemented with telescopic cranes, ranging from 4,2 to 9,4 meters reach. Källefäll cranes are strong, fast, and easy to operate. We also offer a wide range of timber grapples and other accessories to meet different needs.
